

DIVE SECTION

A quiet time of the year for divers as far as trips away goes. Most divers sticking close to home and doing local diving with family and friends over the Christmas New year break. Good stretches of great weather and public holidays are seeing lots of boats out on the water.

A compressor course was run before Christmas with a great turn out of people interested in learning how to fill their own dive tanks. This will ensure we get good use out of the compressor and give a lot of people an introduction before our new compressor arrives.

Shane is finalising the details of the purchase of a new compressor. When connected up to the extra holding banks purchased a few months ago this will make for a top class Club asset and facility for all divers.

Forthcoming Trip Dates

Two great white sharks, swimming in the ocean, spied a ship in distress.

"Follow me, son," the father shark said to the son shark, and they swam to the ship.

"First we swim around them a few times with just the tip of our fins showing."
And they did.

"Well done, son! Now we swim around them a few times with all of our fins showing."
And they did.

"Now we eat everybody."
And they did.

When they were both gorged, the son asked,
"Dad, why didn't we just eat them all at first? Why did we swim around and around them?"

His wise father replied, "Because they taste better if you frighten the shit out of them first."
